January 2016

Art From Music Festival
This month's featured video is the Art From Music Festival based in Houston. Students listened to music and drew inspiration to create their art projects. Watch the video to see their work come to life.

We've Got Games
Third grade students at Harmony Science Academy - Fort Worth are using their imaginations and software to create video games for all.

#STEMTROOPERS
Students at Harmony Science Academy - El Paso take on the "Dark Side" in their new rocket launch video.
